The map displays numerical data for each of Illinois' 102 counties. The values range from 156.7 to 219.9. The color scale indicates that higher values are represented by green and lower values by red. A circular inset highlights a region in the central part of the state, encompassing counties with values ranging from 197.9 to 219.9.

County	Value
Adair	201.2
Adams	207.5
Albany	195.9
